

Hello!

We hope you are enjoying your summer and taking a well-deserved break. We are looking forward to meeting you in the fall and are excited for a terrific year.

There is no mandatory summer assignment for Intensified Algebra 2 students. If you would like to brush up on some Algebra 1 skills in August, we have prepared an entirely **optional** assignment on Delta Math that you can work on before school starts.

To gain access you can create an account on the Delta Math website ([www.deltamath.com](http://www.deltamath.com)) and use the teacher code 853105. Select the Intensified A2 course and the assignment should be there waiting for you.

Enjoy the rest of your summer!  
Mr. Alpert and Mr. Hopkins
