

NOVA | Dual Enrollment

Early Online College Career Studies Certificate Program

The Early Online College (EOC) program will launch its first Career Studies Certificate opportunity in fall 2023. EOC students will have the opportunity to complete the [CSC, IT Technical Support](#) in a 2 year pathway at no tuition cost. In addition to earning the CSC while in high school, students will also be prepared to earn the following Industry Credentials: AWS – AWS Certified Cloud Practitioner, CompTIA - A+ Software/Hardware, and CompTIA - Network+ CompTIA - Security+. Courses will be offered each fall and spring so that students can start the program each year. NOVA will provide supports for students including, webinars, career exploration opportunities, access to industry credential exams and advising to help students leverage their CSC into degrees at NOVA.
